

Airedale Alley News

President's Report

Dear Airedale Friends:

I really hate starting out talking about the weather, but I don't think we can complain much especially since we have had several 50 degree days here in December and January. Do enjoy all you can!!!!

With another year behind us we should all be looking forward to doing more activities with our Airedales.

One of the first venues coming up this winter season is the annual Chicago International Show which is scheduled for February 24, 25 and 26. The event will be held at the McCormick Place – Lakeside, 2301 South Lake Shore Drive, Chicago. All information for this year's show is available by logging onto the internet and pulling up "Chicago International Dog Show." It is always fun to see all the dogs but there are also many vendors to take a peek at too.

Our annual Specialty is held every year in conjunction with the Great Lakes All Terrier Club. This year's show will be June 15, 16 and 17 with the actual Specialty being held Saturday, June 16. There will be more information coming later under separate cover.

I am hoping this next bit of information prompts everyone to take a little preventative maintenance. I was at my vet's recently with Cassie for a little checkup and discovered that her micro-chip was non-functional. My vet was just dying to know if it was still implanted in her so we did an x-ray and there it was. The next time you are at your vets office have your dog scanned to make sure your micro-chip is working. The micro-chip should be replaced for free if it is not working.

This summer, date pending, Dee Corboy-Lulik, a trainer who has had great success in training hunting/obedience and agility Airedales, will be offering to our club a workshop. I am hoping everyone will be able to take advantage of this opportunity.

Please read on for more news regarding our club.

Sincerely,

Lanny Duttlinger
President/Secretary
Airedale Terrier Club of Illinois

Title Report

Obedience

Linda Sorak and Tesla went to the Lafayette, In. CDSP show the weekend of January 7 & 8. On Sunday, Tesla finished his UDX-C. He also has 80 of the needed 100 points toward his OTCH-C in CDSP. In CDSP they let you do an exercise modification which works for Tesla because I have retired him from AKC competition. He no longer is able to jump a 26" jump with his bad elbows. He's such a good boy & tries his best to please.

Tesla and Linda with new UDX-C Title

Other Brags

Stone Ridge is proud to announce that Ch, Huntwood Spyglass of Stone Ridge Tobylinn, "Caelan" is the third Pippa pup to become a champion and the second to become a Grand Champion out of her first litter.

At 19 months of age, Stone Ridge Pippa's Pretty In Pink, "Annie", a litter mate to Caelan has earned her CD degree.

A fourth littermate, Stone Ridge Sudden Impact, "Callahan" will return from Mexico this spring to compete for his US Championship. At an age when I thought I would be slowing down, I find myself busier than ever and am looking forward to having our new pup out

of Pippa, by Ch. Huntwood's Wildest Performance in the ring in June.

New Pup

The Dawg House

You don't have to be BAD to be in This House

Ellie was born in Nebraska in December 2009. She had a tough start in life. She did not thrive and so was put on feeding supplements till she was seven or eight weeks old. She probably had a minor stroke as a puppy and also has cerebellar ataxia. She does not know that there are any difficulties and has no patience with me when I interfere with her going up and down stairs.

As darling as she appears, she should be wearing devils horns and a little arrow on the end of her tail. She is an incorrigible chow hound. She also has an incredible nose and wants to hunt down and kill the neighborhoods's resident coyote. She has repeatedly tried to drag me into the federally protected wetlands where the coyote lives.

She likes adults, children, other dogs and cats.

Ellie

Tesla had a photo shoot in Uptown Normal on Friday, January 27th. Normal had a display of electric cars at the Marriott Hotel along with the showing of the movie "Revenge of the Electric Cars". One of the cars that came to town was the Tesla Roadster. Since Tesla's registered name is Tesla's I B Electrifying my husband Mike & I decided we would try to see if we could get a picture of the two together.

We found out the owner of the roadster was the producer of the movie. Well, we went & asked about a photo shoot & he was very accommodating. He will be putting some of these on his Facebook page & the Marriott Hotel also wants one. Here was Tesla, train going by in the next block, people walking by all over the place & he was completely off leash & on his very best behavior. I was so proud of him. Next stop, movies ??????

Whelping Box

Barbara Brown is expecting a litter of puppies in March, sired by her first champion, Quantum's Lladro Exemplar. Lladro finished his championship in 1991. The sperm were frozen for 20 years. Reproductive services were provided by Dr. Joanne Randall and the staff of the Animal Hospital of Woodstock.

New Members

The club is very happy to welcome our newest member – **Lisa Berglin of White-water, Wisconsin**. Lisa is also a member of Wisconsin Airedale Terrier Club and an active member of the Airedale Terrier Club of America. Currently Lisa is the acting historian of the parent club. Lisa has been active in Airedales since 1990. She acquired her first Airedale at the age of 21 from former member, Patricia Herndon of Royalcrest Airedales. She currently has five Airedales in her home. Lisa in her spare time is a groomer. She is married to Jim with one daughter, Alex. WELCOME!!!!!!!!!!!!!!!!!!!!!!
